

# SPONSOR PACKAGES

Participate and present your solutions and technologies for climate protection. These sponsorship packages will give your brand higher visibility in a highly important climate event.

## SPONSORING PACK

This package is designed to give sponsors the opportunity to showcase their expertise, products and services in fields such as renewable energies, buildings, mobility, as well as adaptation to climate change.

It is the ideal package to promote the innovation of the company.

### Benefits:

- A presentation lasting up to 20 minutes, organized and coordinated by you
- Audio-visual equipment
- Set up of the sponsor's banner in the exhibition hall as well as in the Catwalk room
- Location to be made available for the sponsor's official brochures to the Climate Show's visitors
- A batch of 100 free invitations (Climate Pass) for your customers giving access to the Show for 2 days
- The logo of your company displayed on the website of the Climate Show
