

Invitation - Climate Show Swiss Tour

Swiss Tour for the promotion of eco-solutions & innovation

Lausanne – Geneva – Zurich – Sierre – **Lugano** – Bern

The Climate Show would like to invite all partners and the public to join us in Lugano on this Swiss tour for the promotion of eco-solutions and innovations and for sharing about sustainability. This event will be an unmissable opportunity to meet and discover green solutions of invited entrepreneurs from the Canton of Ticino and to network around a special sustainable aperitif.

About the Climate Show (www.climateshow.ch)

The Climate Show is a platform that strives to involve a critical mass of entrepreneurs, corporate decision-makers and the general public, in order to accelerate the shift toward a sustainable economy while supporting innovation and access of climate safe solutions into the market. It should be noted that the Climate Show is an independent structure acting in compliance with the highest human and environmental values.

The Climate Show depending on the locations includes:

- Public forums
- Conferences and workshops
- International exhibition of sustainable solutions and innovations
- A new Financial Center (for investors and start-ups)
- An international competition of sustainability (Catwalk)
- An eco-travel program (Guardian of the Planet)
- Sustainable Solutions & Technology Transfer Office
- Many other side events during the Show, such as the Museum of Sustainability, Green Films, EcoModa (eco-fashion show), etc.
